PROFESSIONAL SUMMARY

Versatile and results-oriented full-stack web developer committed to building a successful career in software development. Ability to understand business cases and develop and maintain custom high-performing software applications that meet business requirements and solve business problems while staying abreast of emerging trends and technologies in the ever-evolving software development landscape. Effective interpersonal skills: work well as part of a team with people at all organizational levels and diverse backgrounds. Equally successful working independently on time-sensitive projects and tasks.

EDUCATION

University of Lagos, Akoka, Lagos, Nigeria 2023
Master of Business Administration (MBA) Finance Specialization

Thesis Title:
The Impact of Financial Technology on Nigeria's Financial System.

University of Lagos, Akoka, Lagos, Nigeria 2016
Bachelor of Science (B.Sc.) in Estate Management

Thesis Title:
The Problems and Prospects of Management of Students' Hostel Accommodation in Public Universities in Lagos State.

SKILLS AND COMPETENCIES

Client-Side Web Technologies: Fluent in HTML, CSS, and JavaScript, including experience with DOM manipulation and React framework.

Server-Side Programming: Skilled in building business logic through server-side development using Node.js Express, capable of building robust and scalable applications and APIs.

Database Management: Experience working with both relational databases (MySQL) and non-relational databases (MongoDB). This includes database modeling, persisting, and querying.

Caching: Familiarity with caching techniques using Redis to optimize application performance and scalability.

Version Control: Experience using Git for version control, including branching, merging, and resolving conflicts in collaborative development environments.

Operating Systems: Comfortable working with Linux and Windows environments, including system administration tasks.

Web Server Configuration: Knowledgeable in configuring and managing NGINX web servers for efficient request handling and server-side operations.

Cloud Deployment: Experience deploying applications on cloud platforms such as AWS, Heroku, Netlify, and Render ensuring seamless scalability and reliability.

WORK EXPERIENCE

ICT and Finance Officer.

Aug. 2021 – Till date

EuroLPG Nigeria Limited. Abuja, Nigeria.

- I provide members of my team with technical support in software and hardware-related issues.
- I redesigned the company website and managed the company's webmail.
- I developed and deployed a barcode and QRcode generator as an internal tool for product identification and tracking.
- I design company brand items including business cards, letterheads, invoices, and more.
- I handled the process of opening corporate bank accounts for EuroLPG Nigeria and its sibling companies.
- Worked with the team to develop proposals, presentations, MOUs, and other sales and business development-related documents for clients, partners, and other stakeholders.
- I was part of the team that secured a provisional transport operator's license from the FCTA (Federal Capital Territory Administration) to enable EuroLPG Nigeria to operate gas-powered city buses as public transportation within the FCT. I designed and anchored the presentation made to the FCTA Transport Secretariat's management team.

Social Media Specialist and Research Intern

Sept. 2018 - Dec. 2018

Naija Startups, Lagos, Nigeria.

- Worked directly with the founder to ideate and strategize on initiatives aimed at enhancing brand growth and development of Naija Startups and her client businesses.
- I collaborated with client businesses to conduct social media audits, helping them strengthen their brand image.
- Researched the latest business and technological trends, tools and advancements, analyzed them to know how we or our clients could leverage them for business and brand growth and communicated with Naija Startups' founder.

Estate Surveyor and Valuer (NYSC)

Sept. 2017 - Jul. 2018

Urban Shelter Limited, Abuja, Nigeria.

- I prepared company-issued title documents for clients who completed their purchase of their property.
- I participated in land sourcing, inspection, and appraisal for the company's potential acquisition.
- I participated in valuation of land and buildings.
- I carried out change of ownership procedures on behalf of entities purchasing a property from the company's clients.
- I conducted search on properties developed and sold by the company to ascertain the true and present owner of said property.
- I issued certified true copies of lost company-issued title documents to clients.

Social Media Manager

Nov. 2016 - Jul. 2018

DrinksInLagos, Lagos, Nigeria.

- I managed DrinksInLagos's social media accounts (Twitter; Instagram; Facebook, etc.)
- I grew, maintained, and protected the digital reputation of DrinksInLagos.
- I created and curated engaging and interesting content.
- I wrote a piece on behalf of DrinksInLagos for Lost in Lagos magazine.
